7.09 CONSTRUCTION MAINTENANCE FUND.

1. Whenever the City solicits proposals or bids on any construction project, the proposal or contract to be entered into shall provide that the contractor shall at the direction of the City Engineer either post a satisfactory maintenance bond or deposit with the Finance Director a cash amount equal to 1.5 percent of the contract amount, prior to acceptance of the project. Whenever a developer is required to install a public improvement, the developer shall at the direction of the City Engineer either post a satisfactory maintenance bond or deposit with the Finance Director a cash amount equal to 1.5 percent of the cost of said public improvement, prior to acceptance of the same by the City.

2. If the City Engineer directs either a contractor or developer to make a cash deposit with the Finance Director, the same shall be in lieu of a maintenance bond and shall not be refundable. Such a deposit shall not relieve the contractor or developer of the duty to remedy any and all defects that may develop in the contractor's or developer's work prior to the expiration of time as set forth in the contract or in the City Engineer's instructions on installation of a public improvement by reason of bad workmanship or poor materials.

3. The Finance Director shall maintain all said deposits in an account called the Construction Maintenance Fund which shall stand as surety for the contractor or developer, guaranteeing to indemnify the City should the contractor or developer fail to remedy at his or her own cost and expense any and all defects that may develop in said work within the time period prescribed. Said guarantee shall not relieve the contractor or developer of his or her primary liability any more than would a maintenance bond. The funds shall not be expended from the Construction Maintenance Fund except as directed by the Council.
