## **Utility Bills**

The Marion Water Department prepares and mails the City's utility bill. Most residential users are billed every two months, while most commercial accounts are billed monthly.

Payment may be made through the Water Department's Check-Free Payment Program, credit card, debit card, personal check, cash and money order. The Water Department accepts Visa, MasterCard, American Express and Discover cards. To make payment via the self-service online portal, visit [www.cityofmarion.org/billingoptions](http://www.cityofmarion.org/billingoptions).

The department is able to send the utility bill electronically to those who request this option. Contact the Water Department with any billing questions at 319-743-6310. The Water Department's drive-up drop box is now located at their office at 3050 5th Avenue.

## **Door Tag Charge**

There is a charge of \$32.10 if the Water Department has to hang a door tag at the customer's dwelling or business if payment has not been made on time. Customers are encouraged to call 319-743-6310 to make a payment arrangement and avoid the door tag charge, or loss of water service.

## **Street Light Outage**

To report a street light outage or issue contact the Public Services Department at 319-377-6367 or email [public-services@cityofmarion.org](mailto:public-services@cityofmarion.org). Be sure to include the address/location of the outage.

## **Building Permits**

Requiring permits and inspections is the only way the Building Inspection Division can ensure modifications to a building meet the minimum levels of health and safety. Performing work that does not meet these basic requirements becomes an important disclosure issue for home owners and insurers. A building permit is required when any building or structure is erected, constructed, altered, repaired, removed or demolished. Small projects such as changing a toilet, garbage disposal, sink faucet, light fixture or electrical outlets do not require a permit. However, adding or moving an electrical outlet, light fixture, sink or dishwasher would need a permit. The Building Inspection Division can assist with this process and answer questions at 319-743-6330.

## **Temporary Signage**

Signs other than official traffic or street signs are not allowed in the City right-of-way. This includes such signs as For Sale, Garage Sale, advertising or political signs. Signs placed between the curb and the sidewalk are considered in the right-of-way and will be removed. Contact the Engineering Department for more information: 319-743-6340.

More than 41,000 people call Marion home. We take pride in our exceptional schools, eclectic array of cultural and entertainment offerings, beautiful city parks and diverse mix of large and small businesses. Based on population and reported crimes, Marion remains one of the safest cities in Iowa.

City Square Park, located on 7<sup>th</sup> Avenue between 10<sup>th</sup> and 11<sup>th</sup> Streets, is a hub of activity throughout the year. Nearly all events are family-oriented and enjoyed by thousands. They include: Marion Arts Festival, Uptown Marion Market, summer concerts, Christmas in the Park...and more!
